## Why Diversity Matters

By addressing diversity and inclusion in vocational education and training, **DiMa** helps learners feel valued and supported, while enabling educators and institutions to respond effectively to today's diverse societies.

# Diversity Matters

**DiMa** is a European project that promotes diversity, inclusion and shared values in Vocational Education and Training (VET). The project supports young people, especially those from marginalised backgrounds, and equips VET professionals with practical tools to create inclusive learning environments across Europe.

The project focuses on understanding real experiences in VET systems and turning research into action. Through transnational cooperation, the project develops evidence-based resources that strengthen tolerance, civic engagement and equal opportunities in education.

## Key Project Outputs

- The **Transnational ID Report** on diversity and inclusion in VET
- **National and European ID Report Fact Sheets** highlighting good practices
- **Practical tools and activities** for inclusive VET learning environments
